## COMPANY PROFILE

**AQUARIAN GLOBAL VIETNAM COMPANY LIMITED** is a an Engineering & Supply company dealing in PROCESS & INSTRUMENTATION, ELECTRICAL POWER & CONTROL, DCS & PLC SPARES, TEST & MEASUREMENT INSTRUMENTS, PUMPS, COMPRESSORS, HYDRAULIC, PNEUMATIC, FILTRATION, FIRE, GAS & FLAME DETECTION PROTECTION, RENEWABLE ENERGY SOLUTIONS, PERSONAL PROTECTIVE EQUIPMENT and other equipment for diverse range of industries. **AQUARIAN ASSOCIATES INC.** is the parent company headquartered in Los Angeles was founded in California as supply company in 2004 and started its operation with industries in Vietnam in 2006.

At present we are representing few brands in Vietnam as below.

**ASAHI TOOLS, Japan**

**RAWET S.R.O., Czechoslovakia** – AC & DC Transducers, Temperature Sensors, Temperature Transmitters, Signal convertors, Surge Protectors, Digital Meters, PID Controllers, Current Transformers, pH Transmitters.

**LABELTAC, USA** – Industrial Label Printers from ½” size to 9” size. These printers are user friendly, table top, portable, with vinyl tapes and have lifetime warranty.

**SAFETYTAC, USA** – Dual-edge tapered, low profile floor tapes for all types of industries, comes in different sizes & colors. No hassle of painting & repainting the floor markings.

**EMA Electronics Ltd, China** – Process Automation - Fluid Sensors, Level Measurement/Factory Automation – Position Sensors, AS Interface/Control Switches, LED Indicator Towers.

**We have support from following brands to take care of customers requirements.**

**STAUFF Germany** - Clamps, Flanges, Hose Connectors, Hydraulic Oil Filtration, Oil Diagnostic

**ROTORK** – Instrumentation & Control - BIFOLD, YTC, FAIRCHILD, SOLDI, CNTORK, M&M, MIDLAND.

*In case you need any particular products that are not listed in our catalogue, please feel free to contact us and we could source for you from our existing network of associates, locally and globally.*

**Thank you very much for your interest in AQUARIAN GLOBAL VIETNAM COMPANY LTD.**

# PRESSURE, TEMPERATURE, LEVEL, FLOW & VALVES

- Process valves, Y-pattern steam valves, and sanitary diaphragm valves
- Ultrasonic level transmitters
- Float switches, paddle flow transmitters, and switches
- Precision pressure regulators
- I/P, E/P, and P/I transducers
- Volume boosters and position control
- Level and flow measurement
- Pressure d/p, level, and temperature transmitters
- Flow meters (vortex, magnetic, and Coriolis)
- Controllers, recorders, and analytical instruments
- Soft seated ball and high performance butterfly valves
- Special service and general service applications
- Rotary actuators, limit switches, accessories
- Resilient-seated butterfly valves
- Metal-lined butterfly valves
- Diaphragm actuators, gear operators, and accessories
- Pressure gauges, transducers, thermometers
- Temperature switches and level control.
- Pressure switches, transducers, and transmitters
- 2-way, 3-way, and 4-way solenoid valves

## Actuators, Gearboxes, and Instrumentation and Control:

Rotork manufactures a full range of Flow Control products including Actuators, Gearboxes, Instrumentation and Control, and Valve Accessories:

**Electric Actuators, Fluid Power Actuators, Process Control Actuators  
Gearboxes and Mounting Kits  
Instrumentation and Control**

## Network Products:

Rotork can also provide a range of open protocol control network products and our own proprietary Bus system - Rotork Pakscan:

**Control Networks, Rotork Pakscan**

Widest Range of Products

The overall range currently includes about 40000 standard products in ten categories as well as numerous special and system solutions according to customer's specifications or based on our in-house development:

- STAUFF Clamps
- STAUFF Connect
- STAUFF Flanges
- VOSWINKEL Hose Connectors
- VOSWINKEL Quick Release Couplings
- STAUFF Valves
- STAUFF Test
- STAUFF Diagtronics
- STAUFF Filtration Technology
- STAUFF Hydraulic Accessories

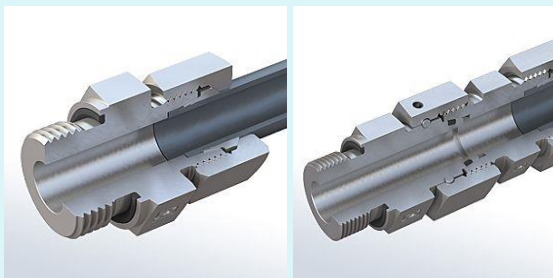

### Mobile Filtration Systems

STAUFF manufactures a complete range of Mobile Filtration Systems. Compact in design and easy to operate on the one hand, but also made for permanent use with high flow rates on the other hand, Mobile Filtration Systems are essential tools for the preventive maintenance either to transfer new oil or to purify hydraulic and lubrication oil systems.

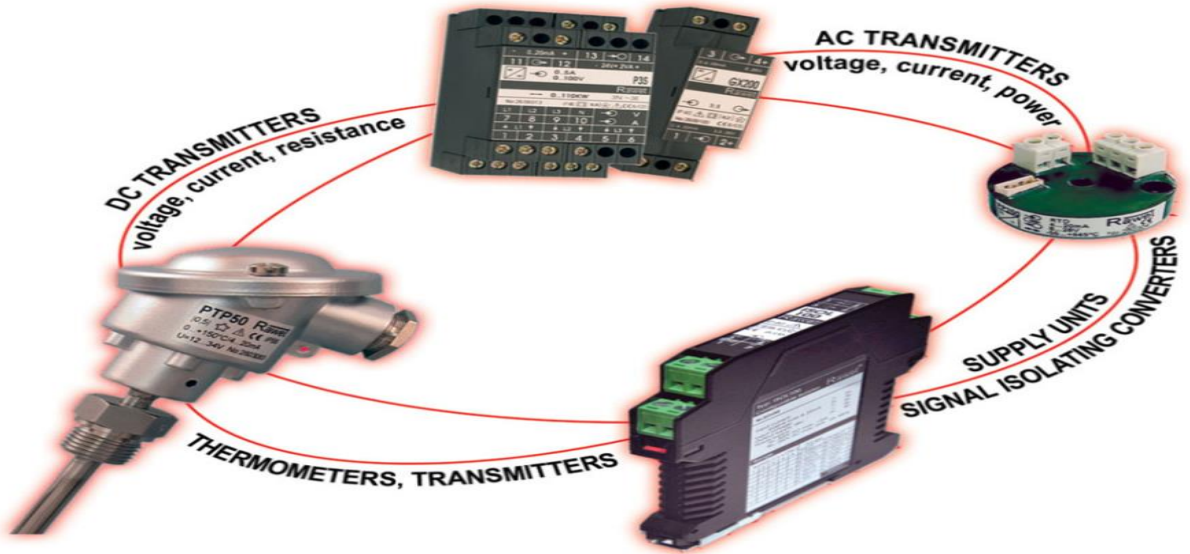

### Laser Particle Counter

Fluid analysis is a crucial component of any oil management program. Early detection of potential problems can prevent costly repairs and downtime. The LasPaC II makes it possible to detect the ISO Cleanliness levels of the hydraulic media. The LasPaC II is available in three different versions.

### 24° Tube Fittings with Single / Double Edge Cutting Ring

STAUFF Connect 24° Tube Fittings with Cutting Ring have been developed and designed for the reliable, leak-free connection of metric tubes with outside diameters between 4 mm and 42 mm / between .16 in and 1.65 in respectively.

# HYDRAULIC, PNEUMATIC, FILTRATION, FITTINGS & TUBING

- Pressure Regulators & Flow Controllers
- Fuel, liquid, and gas filter cartridges
- Filter housings, Gas liquid coalesces and separators
- Rota meters, Mass flow meters and controls
- RF capacitance level sensors, Vibration sensors, Regulators
- Liquid level, flow, and pressure switches & Pressure transducers
- Temperature switches and thermocouple devices
- Seal assemblies, liquid filled gauges, General purpose and industrial pressure gauges
- Pressure & Temperature gauges, Diaphragm seals
- Lube oil conditioning equipment
- Mist eliminators & Vacuum distillation
- Valves, Fittings, Hoses
- Instant Fittings, Function Fittings, Tubing & Hose
- Instrumentation, gas, and liquid filtration systems
- Nitrogen generators
- CPI single ferrule tube fittings
- A-lok double ferrule tube fittings
- Instrumentation valves and regulators
- Quick couplers, pipe fittings, tubing, and hose
- Manifold valves and gas analyzer system components
- Pre-insulated tubing and stack trace
- Steam and electrical trace
- Bundled tubing
- PFA/PTFE flared, gripper, and weld fittings
- PFA/PTFE valves and regulators
- Customized manifolds and assemblies
- PTFE, PFA, FEP tubing and pipe
- Hoses & Flexible Tubing

# ELECTRICAL, PANELS (IEC or ANSI/NEMA) & EQUIPMENTS

We can provide everything from simple pushbutton controls to complex automation interfaces.

- Low & Medium Voltage
- Motor Control Centers (MCC's)
- Motor Starters
- Full voltage across the line starters (FVNR & FVR)
- Two (2) speed starters
- Wye-Delta starters , Capacitor starters
- Reduced voltage starters
- Reduced Voltage Autotransformer Starters (RVAT)
- Reduced Voltage Solid State Starters
- Soft Starters
- Synchronous Motor controls
- Power Factor Correction equipment (PFC) up to 34 kV
- Harmonic Filters for the 5th, 7th, 11th, 13th, 17th and the 19th harmonics up to 34 kV )

- Circuit Breakers
- Surge Arrestors
- Power Supplies
- AC/DC Drives
- Soft Starters
- Current & Voltage Transformers
- Indicating Instruments

# Seven powerful LabelTac® models

All LabelTac® printers include a full **LIFETIME WARRANTY** on all parts and labor. If anything goes wrong, don't worry- we've got your back!

Easily design labels in:

- | Microsoft Word
- | Apache OpenOffice
- | Adobe Creative Suite
- | LabelDirect and more...

- ✓ Cost effective- Save up to 75% vs other methods
- ✓ All printers include hundreds of templates and symbols
- ✓ Discounted packages available: See online or call us for details

## The labels you need- When you need them.

With LabelTac® Printers, you can create the signage you require, on demand, with full control of the design. No more generic labels, no more huge label catalogs to sort through, and best of all- no more waiting days for labels to show up.

### How it works:

Printing with LabelTac® printers requires a computer and two components:

#### 1 LABELTAC® LABEL STOCK

Available in a wide variety of colors, widths, and specialty styles, LabelTac® Label Stock is a highly durable vinyl material that lasts for 5+ years, even in harsh outdoor conditions. We stand firmly behind our material durability- that's why we offer a 5 Year\* Guarantee on all of our Label Stock. \*10 Year Guarantee on 'High Performance 10-Year Supply'

#### 2 LABELTAC® PRINT RIBBON

LabelTac® printers make use of a Thermal Transfer printing system which permanently bonds the Print Ribbon resin material (the print) to the Label Stock (the label). All LabelTac® printers have a high resolution 300 dpi print head, so your print comes out razor sharp every time.

#### Professional Results

The print ribbon thermally bonds to the label stock material resulting in print on the label. The color of the print ribbon will be the color of the text and symbols on the label, and the color of the label supply will be the backing color of the label itself.

# SAFETYTAC®

**Strongest industrial floor tapes and location marking shapes on the market.  
Resistant to forklifts, foot traffic, vehicles, chemicals and more.**

SafetyTac® Industrial Floor Marking Tapes hold up under the tough conditions of industrial workplaces. They can be applied quickly with little downtime. They're versatile and serve many functions including providing traffic control, hazard alerts, and boundaries for workspaces and storage areas.

Tripping hazards aren't a problem. SafetyTac®'s low profile and reinforced rubber-based adhesive allows it to adhere smoothly to your floors, so it won't snag on your vehicles or pallets when they pass across the markings.
