**AQUARIAN GLOBAL SALES PHILIPPINES INC.**

PHILIPPINES • USA • CANADA • VIETNAM

## **Aquarian Global Sales Philippines Inc. is a branch office of Aquarian Associates Inc. (USA).**

The company is engaged in supplying various equipment ranging from electrical power & control, DCS & PLC spares, measurement and process instruments, pumps, compressors, generators, and other equipment for various application.

## **Creative Safety Supply**

### **Create a safer, smarter facility™**

People say to succeed you need to work harder. We think you should work smarter.

They help businesses find the tools they need to get organized, work efficiently, and keep employees safe and healthy, without burning everyone out. When you have the right equipment, you can improve strategically. Their products are designed for that purpose.

### **Their brands:**

With the LabelTac® line of printers, facilities can create the signs and labels they need, on demand and in house.

Tough SafetyTac® floor marking tapes help facilities make aisles, mark hazards, and improve communication.

LabelSuite™ professional label-making software lets users design labels for almost any application with ease.

Smart Stripe Tape is a cost effective and durable vinyl tape appropriate for use on floors, workbenches, and other surfaces.

Versatile 5S Tape™ can mark almost any surface and is ideal for use during 5S and Lean projects.

An alternative to traditional signs, SignCast virtual floor sign systems project images onto difficult-to-mark surfaces.

## Letter of Appointment for 2018

January 2018

To Whom it May Concern,

Creative Safety Supply, LLC does hereby appoint Aquarian Global Sales Philippines, Inc. (AGSP) as an official importer and distributor of Creative Safety Supply, LLC products in the Philippines.

Creative Safety Supply, LLC products include SafetyTac® line of industrial floor tapes and LabelTac® line of printers and labeling supplies.

During the time of this appointment (January 1, 2018 – December 31, 2018), AGSP will have the right to register, import, distribute, and market any and all Creative Safety Supply, LLC products within this market.

Sincerely,

Eric Ferris  
Office Manager  
Creative Safety Supply, LLC  
7737 SW Cirrus Drive  
Beaverton, OR 97008  
Unites States

## LABEL AND SIGN PRINTERS

### Industrial Label Printers

Unbeatable performance in industrial environments. Create tough, long-lasting labels for hot, cold, wet, or high-traffic environments with an industrial label printer. Print labels on-demand for any application. With a thermal transfer printer, you can tackle any custom label printing project.

### Handheld Label Printers

We offer a large number of handheld industrial label printers with supplies that are designed to last, both indoors and outdoors. These printers are easy to use and come backed with our support system and a 30-day money back guarantee.

### LabelTac® Printers

Label printing may seem like a small component of a business, but it can truly yield BIG results. When work environments are labeled effectively, employees work safer and processes run smoother. In addition, OSHA, NFPA, and ANSI compliance can also be achieved with appropriate facility labeling.

### LabelTac® Supplies

Choose from dozens of printer supplies for specific indoor and outdoor applications. Easy to use and cost-effective solutions for printing your own labels in-house. Labeling supplies are designed to perform in harsh, industrial environments.

### LabelTac® Accessories

Make printing labels with your industrial label printer even easier with LabelTac® accessories. Use the LabelTac® Label Design Workstation to create complex labels on the go. Print for extended periods of time without connecting to a power source with the LabelTac® battery pack. Or use the LabelTac® barcode scanner to scan existing barcodes and print new ones.

### LabelTac® Ribbons

Make labels that stand out in your workplace. Our LabelTac® thermal transfer printer ribbons deliver rich, high-quality color that lasts. Designed for industrial use, these ribbons are chemical, smear, and scratch resistant. Choose the width and color ribbon you need to tackle your next labeling project.

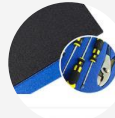

### Labeling Software

Labeling software is a vital tool for the modern industrial workplace. Labeling hazards helps keep your workers aware of dangers such as arc flash and reminds them to take proper precautions. Printing your own labels is a good way to cut costs, but you'll need the ability to design and edit labeling for your facility's needs.

## TOOL ORGANIZATION

**Foam Tool Organizers**  
2-Piece kits for extra high visibility.

**Foam Drawer Liners**  
Single sheet tool drawer liners.

**Closed Cell Foam**  
Water & contamination resistant.

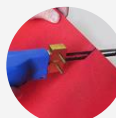

**ESD Foam**  
Protection for static sensitive items.

**Pegboard & Accessories**  
Setup your tool organization system.

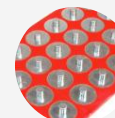

**Shadow Board Tape**  
Custom shadowboard tape.

**Foam Cutting Accessories**  
Foam cutting tools.

**Custom Foam Cutting**  
You design. We cut.

**Magnetic Tool Holders**  
Tools and Sockets magnetically in place.

## LEAN AND 5S SUPPLIES

**5S Products**  
Tools to facilitate 5S programs.

**Lean Posters**  
Visual reminders to reinforce Lean.

**Lean Books**  
References & guides for Lean implementation.

**FOD Products**  
Prevent foreign object damage.

**Lean DVDs**  
Engaging training for your staff.

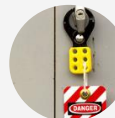

**Andon Light Kits**  
Signal towers for communicating production changes.

## SAFETY

**Arc Flash Products**  
Gear & equipment for electrical safety.

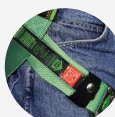

**Lockout/Tagout**  
Devices to prevent unplanned equipment startup.

**Spill Kits**  
Sorbent materials for cleaning up spills.

**PPE**  
Protective gear for common hazards.

**Fall Protection**  
PPE for working at heights.

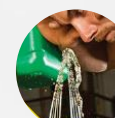

**Post Covers**  
Guards for protecting posts.

**Safety Posters**  
Visual reminders for your workplace.

**Mining Safety Supplies**  
Equipment suitable for use in mines.

**Eye Wash Station**  
Wall & portable stations for flushing the eyes.

**Column Protectors**  
Prevent damage to stationary objects.

**UEI Test Instruments**  
Industrial sensors for any application.

**FLIR Systems**  
The leader in thermal imaging technology.

**First Aid Kits**  
Immediate solutions to workplace injuries.

**Safety Training**  
DVDs covering hundreds of topics.

## FLOOR MARKING TAPE

### SafetyTac Tapes

Durable tape for industrial environments. Choose tough SafetyTac® tape when you need markings that can take a beating and still perform. These tapes can mark hazards, divide spaces, and create aisles, even in high-traffic areas.

### Floor Marking Shapes

Arrows, corners, dots, and more. Keep equipment and materials in place with corners, strips, and dots. Point people in the right direction with arrows or footprints.

### 5S Tape

Multipurpose tape for 5S & other projects. Use 5S Tape to mark any flat surface in your workplace. 5S Tape is available in many sizes—even very narrow widths—for marking both small and large items. Great for 5S and Lean projects.

### Smart Stripe Tape

A tough, cost-effective tape. Mark floors, walls, workbenches, and more with this versatile, low profile tape. Smart Stripe Tape is made from strong vinyl material and is perfect for areas with heavy foot traffic or moderate vehicle traffic.

### Reflective Tapes

Highly visible floor markings to catch attention. Enhance visibility on loading docks, in storage areas, and anywhere else you need people to notice your floor markings. These tapes use reflective technology that's effective both day and night.

### Glow-in-the-Dark Tapes

Photoluminescent tapes for illuminating pathways. Perfect for egress markings or in dimly lit areas. Use these tapes when you need your floor markings to be seen, even when the power goes out.

### Anti-Slip Tapes

Traction tapes for preventing slips, trips, and falls. These tapes increase safety in areas likely to get slippery. Options are available for indoors and outdoors, as well as dark situations requiring photoluminescence.

### Floor Marking Accessories

Tools for making floor marking easy. Simplify the floor tape installation process with tape applicators. Make your tape last longer with tape protection supplies. Add to your floor marking system with floor stencils.

### Virtual Floor Marking

Sign & floor tape solutions for difficult-to-mark areas. These floor marking systems work for surfaces where conventional adhesive signs and tapes can't do the job. Project virtual traffic signs, safety signs, and more.

### Safety Tapes

Tapes for minimizing common hazards. Improve communication, wayfinding, and traction with specialized safety tape for your facility's floors. These tapes highlight hazards, outline pathways, glow in the dark, and more.

### Footprint Stickers

Shapes for highlighting walkways. Make sure employees and visitors know where it's safe to walk. Footprint stickers come in many colors and styles to make communication simple and prevent collisions.
